X1 CRUISER ELECTRIC SKATEBOARD

CRUISER

LITHIUM-ION POWERED ELECTRIC SKATEBOARD

Razor's new line of lithium powered electric skateboards put skateboarding in the 21st century! RazorX's geared rear wheel drive means no need for alignment issues, no chains or belts, resulting in virtually no maintenance. Riders can go up to 16 km/h and the rechargeable lithium-ion battery packs provide up to 40 minutes of continuous use.
