

## Mobile DAB+ and FM radio

## IMPERIAL® DABMAN 13

### DAB+/FM

- digital and analogue radio reception in one device

### MP3 player

- play back MP3 files via USB or micro SD

### Mobile use

- replacable, rechargeable Li-Ion battery feat. short charging cycle and long playing time

The vast world of digital radio in your pocket! The extremely small-sized IMPERIAL DABMAN 13 is suitable for the reception of DAB+ an FM radio and features music file playback via USB or micro SD card as well as an alarm clock mode and a self-explaining menu. The DABMAN 13's rechargeable Li-ion battery has several advantages: it can be easily charged with every common USB interface (charging cable included), it has a short charging interval in combination with long playing time - and it can be replaced by another Li-ion battery of the same sort. The DABMAN 13 is available in 2 different colour designs.

### Highlights

- DAB+ & FM reception
- Audio playback via USB and micro SD card reader
- Channel memory for 10 DAB+ and 10 FM stations
- Alarm clock mode featuring several modes and sleep timer
- Illuminated LCD dot-matrix display
- Easy to operate
- Replacable Li-ion battery feat. short charging and long operating interval
