IMPERIAL® DABMAN 65

The small-sized DABMAN 65 is definitely more than just a portable DAB+ and FM radio. Thanks to its internal micro SD card slot, it may be used to play back MP3 music files. When used as a portable FM and DAB+ radio, the DABMAN 65 comes up with several useful features as well as a simple and intuitive operation. The DABMAN 65 may also be used as FM transmitter, channeling received DAB+ and/or FM signals as well as MP3 files to another device and thus upgrading the connected device to full-scale FM and DAB+ radio reception, perfectly suitable for car audio systems, HiFi sets or Bluetooth speakers. The internal Li-Ion battery may be easily recharged via USB or via a cigarette lighter and combines a long operating time (up to 7 hrs.) with a short charging cycle.
