

Mobile bluetooth  
stereo speaker

## IMPERIAL® BEATSMAN RETRO

The IMPERIAL BEATSMAN RETRO is mobile Bluetooth stereo speaker system in timeless-classic design of a transistor radio. Thanks to two full range drivers featuring 5W output power each, it provides a very good and powerful sound quality. Besides Bluetooth streaming mode from different

devices, such as smart phone, tablet PC or others, the speaker features an internal FM radio as well as a micro SD card slot and a USB port to play back audio files. Its 2000 mAh rechargeable battery guarantees a long operating time in combination with short charging intervals.

### Highlights

- Battery-powered Bluetooth stereo speaker featuring display and FM radio
- 2 full range drivers featuring 5W output each
- Bluetooth 5.0 featuring a range of up to 10m

- Music playback via USB and TF card reader (MP3, FLAC; max 32GB) & AUX IN interface
- FM radio onboard
- Rechargeable Li-Ion battery (3.7V/2000mAh) featuring long playing time and a short charging interval
