

if supported by provider and software

SuperCD combines the widest possible array of functionality and audio format compatibility to create the ultimate one-box music system. Blessed with the timeless good-looks and material quality of its SuperSeries siblings, SuperCD appeals to both traditionalists and technology enthusiasts alike.

Access to tens of thousands of radio stations from far and near, multi-format CD playback, an almost limitless supply of audio tracks from Spotify and high quality wireless Bluetooth streaming, all controllable via a specially designed app for iOS or Android devices.

SuperCD is equipped to receive a wide range of radio standards including DAB, DAB+, FM with RDS and wi-fi internet radio – providing access to over 36.000 stations from around the world. A vertical slot-loading CD player sits at the centre of this design, catering for followers of the ever-popular physical music format. Wireless lan and Bluetooth technology enable wireless music playback from smartphone or tablet in high quality and streaming services like Spotify, amazon music or Deezer provide up to 100 million songs in digital quality and can be played directly with the REVO SuperCD.

SuperCD is hand-crafted using the finest materials and components, its all-wood cabinet with anodised aluminium and mild steel fascia and backplate complement its advanced electronics beautifully. A detailed graphical OLED display and joystick control add a touch of modernity, while its twin 3.5" BMR speaker drivers deliver 40 watt of room-filling digital audio, rich in bass, clarity and detail, with an expansive sound field - a hallmark of our SuperSeries range.
